

## Know Your School - The Site Part 1

Use this worksheet to start gathering high level information about your school site. Document using writing, drawings, and photographs as you go.

1. What is the topography of your school?

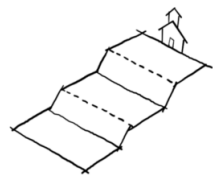

☐ Flat

☐ Sloping

☐ Terraced

NOTES:

1. What are the existing views?

☐ Mountain views

☐ Surrounding residential

☐ Forest views

NOTES:

☐ Water  
views

☐ Commercial/  
industrial views

NOTES:

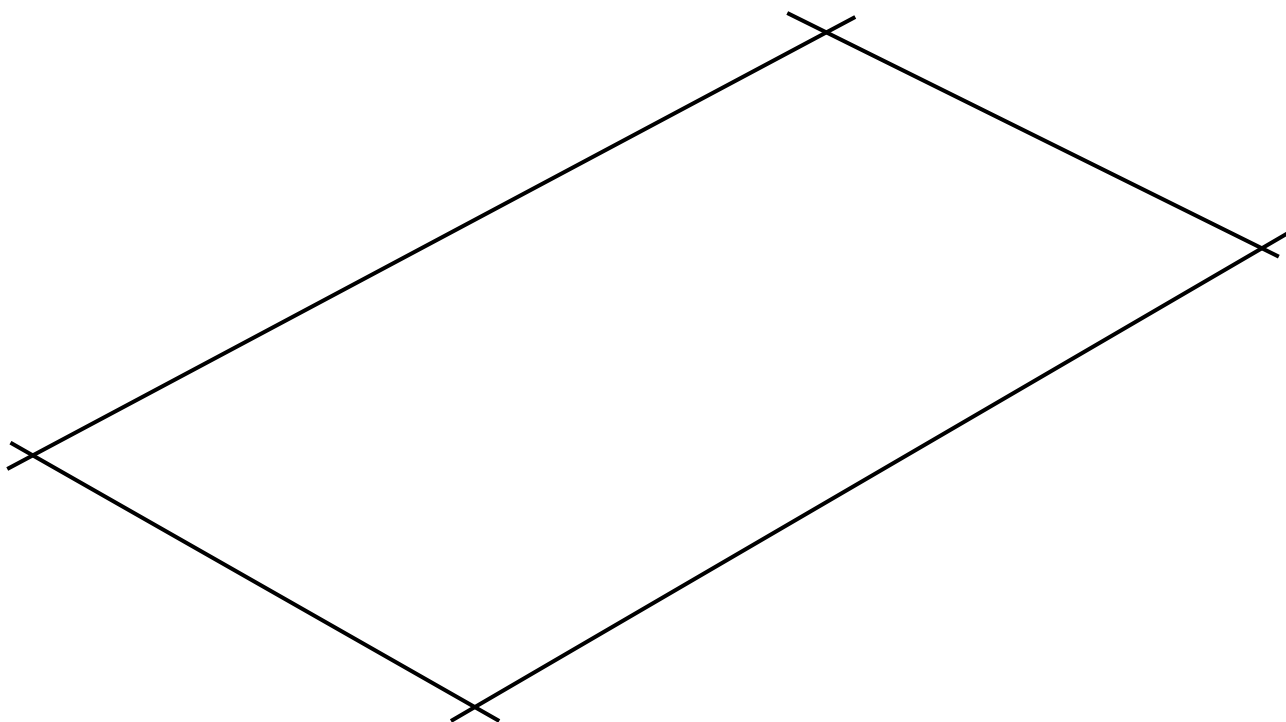

## Know Your School - The Site

### Part 2

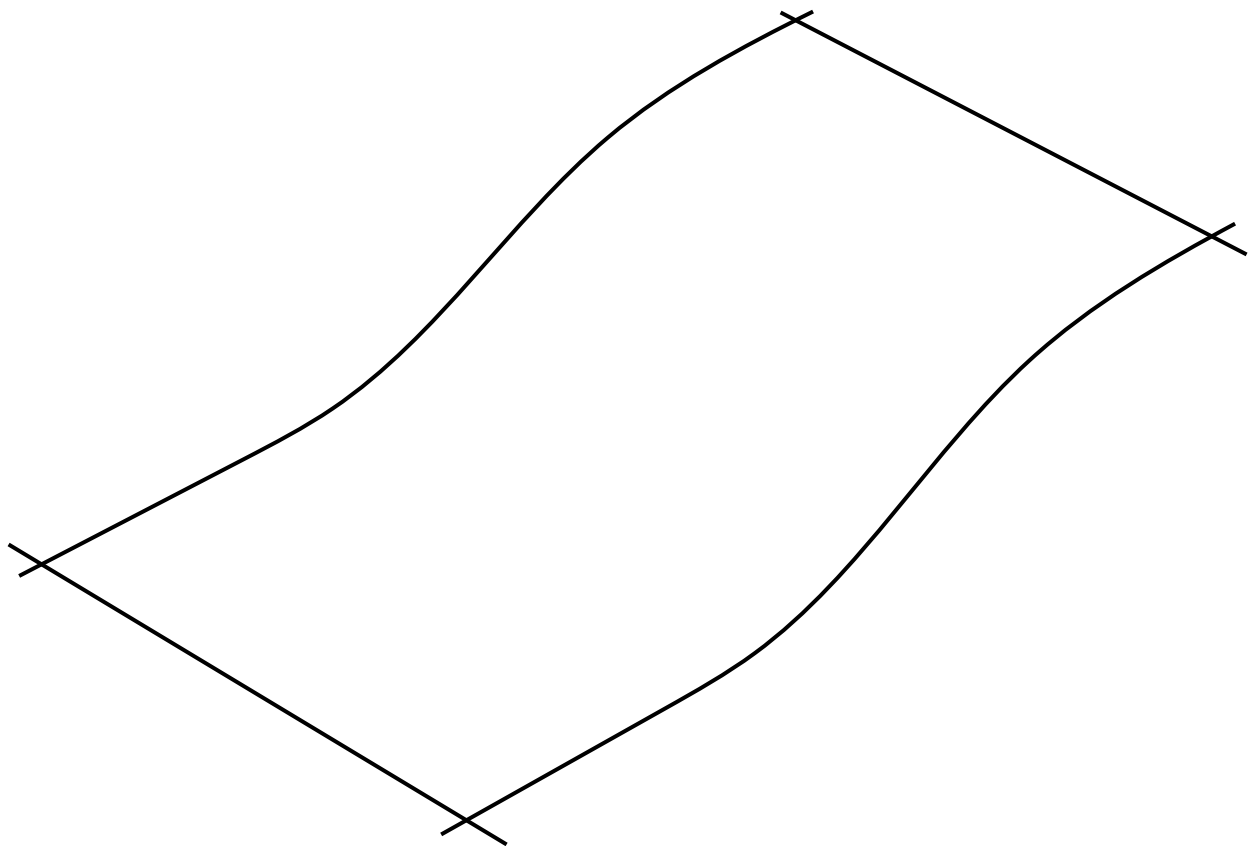

Use the diagram that best fits your school site to map out where key components are located. These may include: the school building(s), sports fields or courts, gardens, and play areas. Also mark out where you can see different types of views - for example, which side of the site has mountain views. Label the surrounding streets.

Type 1: Flat site

School Name: \_\_\_\_\_

Type 2: Sloping site  
School Name: \_\_\_\_\_

Type 3: Terraced site

School Name: \_\_\_\_\_
